Message from the Dean

Welcome to the University of South Carolina Union, home of the Bantams!

Please take some time to familiarize yourself with the information in this Student Handbook, as it includes many important policies and useful resources for you as you embark on your college journey with us here in Union. The faculty and staff on this campus place a high priority on supporting your success, inside and outside of the classroom. You have a unique opportunity as a Union student to cultivate close working relationships with your instructors in small classroom environments and even through a variety of beyond-the-classroom experiential opportunities and campus life, such as independent research, travel study, practical experiences, the arts, and student organizations. You may also find yourself representing the campus through participation in NJCAA or club athletics, including softball, baseball, soccer, volleyball, bass fishing, rifling, or e-sports.

As you work with your academic advisor at UofSC Union to complete requirements toward the Associates of Arts or Science, you will be able to map out the ways in which that coursework can travel with you into the eventual baccalaureate degree that you would like to pursue beyond your Associates. In so doing, we want you to know that you have many options for that baccalaureate degree without having to leave Union to obtain it. This includes the B.A. in Organizational Leadership or B.A. in Liberal Studies, which you can earn here through Palmetto College and complete through a combination of in person and online courses. Or, you also have many completely online baccalaureate degree completion options through Palmetto College that your first two years of coursework here can prepare you to enter. This includes a B.A. in Elementary Education option that allows you to complete all your practical experiences in local schools. Finally, if you are interested in becoming a nurse, you may instead decide to pursue the UofSC Aiken BSN degree here on the Union campus.

Whether you are just beginning your college career, coming to us from another institution, or picking your studies back up after an extended time away from school, we have many paths to offer and a dedicated team who are ready to help you succeed. Don't hesitate to reach out to any of us as you navigate your time here so that we can assist you.

Go Bantams!

Next Board of Trustees Scheduled Review- January 2023

The primary mission of the University of South Carolina System is the education of the state's diverse citizens through teaching, research, creative activity, and community engagement. This public university system serves students from its flagship Columbia campus, three comprehensive universities (Aiken, Beaufort, and Upstate), and four regional Palmetto College campuses (Lancaster, Salkehatchie, Sumter, and Union).

The University of South Carolina System offers degree programs at the associate's, bachelor's, master's, and doctoral levels. Through classroom and laboratory instruction delivered in a variety of face-to-face and distance learning formats and modalities, degree programs are offered in the following areas: arts and sciences; business; education; engineering and computing; hospitality, retail, and sport management; information and communications; law; medicine; music; nursing; pharmacy; public health; and social work.

With a flagship campus recognized by the Carnegie Foundation as a top research and community engaged institution and nationally ranked in start-up businesses, and an eight-campus system that confers nearly 40% of all bachelor's and graduate degrees awarded at public institutions in South Carolina, the university has a profound relevance, reach, and impact on the people of the state. The University of South Carolina System provides all students with the highest-quality education, including the knowledge, skills, and values necessary for success and responsible citizenship in a complex and changing world through engagement in nationally and internationally ranked research, scholarship, service, and artistic creation.

USC Union Mission Statement:

Approved by the Board of Trustees – October 11, 2019

Next Board of Trustees Scheduled Review – January 2023

The Union regional Palmetto College campus is a branch campus of the University of South Carolina Columbia. Union has as its mission to provide higher education and intellectual leadership for its service area. At the heart of this mission is a teaching faculty of high quality dedicated to excellence in instruction, scholarship, public and professional service, and creative endeavor which enrich the classroom experience. USC Union offers a varied curriculum grounded in the liberal arts and focused on preparing students to continue their education in the University and throughout life.

The Union regional Palmetto College campus recruits students prepared to succeed in completing a baccalaureate- level education. While the institution does not offer remedial

instruction, it is nonetheless able to admit most students who apply due to the close working relationship between students and faculty. The Union Regional Palmetto College campus was established to encourage higher education in the counties of Chester, Cherokee, Fairfield, Laurens, Union, and York. The original design of the institution incorporated a flexibility that has allowed changes in institutional capability with increasing educational demands of constituents.

Through classroom and laboratory instruction delivered in a variety of face-to-face and distance learning formats and modalities, the institution awards the Associate in Arts and Associate in Science degrees and provides for the completion of selected bachelor's degrees on campus through cooperative agreements and delivery structures with other University of South Carolina System institutions. The Union regional Palmetto College campus also provides general education and upper division coursework applicable to baccalaureate degree programs offered through colleges and universities nationwide. In addition to academic coursework, the mission of the campus includes noncredit courses, seminars, and workshops made available to the community for cultural enrichment and professional development.

The traditions of cultural diversity and freedom of thought are valued at the Union regional Palmetto College campus. In a learning environment that develops respect for racial, geographical, intellectual, and economic diversity and an awareness of individual, societal, and global responsibilities, Union promotes courses, activities, and attitudes which influence the life of the mind in men and women and instill in them a thirst to continue learning throughout life.

The Union regional Palmetto College campus emphasizes the development of the whole person and especially seeks to foster in students the disciplines essential to an educated citizenry. Core competencies, including the ability to communicate through effective writing and articulate speech; computational and quantitative mastery; creative and critical thinking; and the duties of citizenship are strategically integrated within the curriculum. Classroom experiences, student activities, and physical education programs also provide opportunities for cultural enrichment, leadership development, intellectual growth and interpersonal relationships, all contributing to a sense of self-reliance and a joy of learning.

Carolinian Creed

Written 30 years ago by students, professors and staff members, the Carolinian Creed embodies the University of South Carolina's core values of respect, integrity and kindness.

The community of scholars at the University of South Carolina is dedicated to personal and academic excellence. Choosing to join the community obligates each member to a code of civilized behavior.

As a Carolinian ...

I will practice personal and academic integrity;

A commitment to this ideal is inconsistent with cheating in classes, in games, or in sports, it should eliminate the practice of plagiarism or borrowing another student's homework, lying, deceit, excuse making, and infidelity or disloyalty in personal relationships.

I will respect the dignity of all persons;

A commitment to this ideal is inconsistent with behaviors which compromise or demean the dignity of individuals or groups, including hazing, most forms of intimidating, taunting, teasing, baiting, ridiculing, insulting, harassing, and discrimination.

I will respect the rights and property of others;

A commitment to this ideal is inconsistent with all forms of theft, vandalism, arson, misappropriation, malicious damage to, and desecration or destruction of property. Respect for another's personal rights is inconsistent with any behavior which violates persons' right to move about freely, express themselves appropriately, and to enjoy privacy.

I will discourage bigotry, while striving to learn from differences in people, ideas and opinions;

A commitment to this ideal pledges affirmative support for equal rights and opportunities for all students regardless of their age, sex, race, religion, disability, ethnic heritage, socioeconomic status, political, social or other affiliation or disaffiliation, affectional preference.

I will demonstrate concern for others, their feelings, and their need for the conditions which support their work and development.

A commitment to this ideal is a pledge to be compassionate and considerate, to avoid behaviors which are insensitive, inhospitable, or insightful, or which unjustly or arbitrarily inhibit another's ability to feel safe or welcomed in their pursuit of appropriate academic goals.

Allegiance to these ideals obligates each student to refrain from and discourage behaviors which threaten the freedom and respect of all individuals.

This last clause reminds community members that they are not only obliged to avoid these behaviors, but that they also have an affirmative obligation to confront and challenge, and respond to, or report the behaviors whenever or wherever they're encountered.

The Palmetto Pledge

As the Carolinian Creed obligates me to respect the dignity of all persons, respect the rights of others, and demonstrate concern for others, I, as a student, staff, or faculty member of the University of South Carolina Palmetto College, pledge to do my part to respect the health and safety of my fellow citizens, and to help keep my campus and community in good health.

I understand that I play a key role in the fight against COVID -19, and I pledge to be a part of the solution by taking responsible actions when among my fellow members of our campus and community. To do so, I will

- Avoid discriminatory behavior against people of certain ethnic backgrounds as well as anyone perceived to have been in contact with the virus, as I recognize COVID is not a respecter of race, ethnicity, national origin, gender, sexual orientation, age, or physical disability.
- Self-monitor my health status to determine whether it is appropriate for me to be in class, at work, or on campus. If I become ill or discover I have been exposed to someone who has tested positive for COVID-19, I will follow accepted CDC guidelines for isolation or quarantine.
- Follow public health guidelines in place to protect myself and others, both on and off campus.
- Practice physical distancing when possible and protect myself and others in high-traffic areas or in settings where physical distancing is not possible.
- Adhere to guidelines for face coverings and keep my hands clean and sanitized on campus and throughout the community.
- Adhere to capacity limits in social situations on campus and throughout the community to prevent high-spread scenarios.
- Modify my actions and encourage others to do the same as safety guidelines and recommendations evolve over time.

By taking this pledge, I accept responsibility for myself and my actions, and avow to do my best to help prevent the spread of COVID-19 on my campus and in my community.

Accreditation

The University of South Carolina is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award associates, bachelors, masters, and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4501 for questions about the accreditation of the University of South Carolina. The accreditation report of the Southern Association of Colleges and Schools is available to the public in the Office of the Provost and the Office of Institutional Assessment and Compliance and is on reserve at the Thomas Cooper Library on the Columbia campus.

History of USC Union

Similar to the other USC regional campuses, the Union campus was established as a result of local initiative. The Union County Commission for Higher Education was created by an act of the state legislature in the spring of 1965, and a contract was immediately signed by that commission with the University of South Carolina, an arrangement which guaranteed University-quality education at a low cost for area students within commuting distance of the campus. A former public secondary-school building was secured by the commission, and local funds were made available to renovate the structure. Scheduled classes began in September 1965 for the original freshman class of 51 students. In September 1967, 160 students registered at the campus, and enrollment has continued to climb.

Centrally located near the downtown business district, USC Union occupies a seven-acre tract fronting the east side of Main Street. Established to meet the educational needs of Union, Laurens, Cherokee, York, Chester, Fairfield, and Newberry counties, the campus has grown to its present enrollment of approximately 1100 and a physical plant consisting of eight buildings, which house administrative offices, classrooms, laboratories, a Carnegie library, a campus shop, and a gymnasium. The Union campus has traditionally focused on offering the first two years of courses for most University curricula, and the campus continues that tradition today. As a consequence of its expanding role as a unit of USC, upper-level courses are increasingly available, including both junior- and senior-level courses.

Union-area residents realize the beneficial aspects of a local regional campus and have been enthusiastic supporters of both the campus and its programs. Both the city and county governments have generously increased their support of the campus and have provided much-needed funds for both physical-plant and equipment needs. Several local organizations provide scholarships for USC Union students, and the campus has been the recipient of numerous gifts of goods and services. The campus and the surrounding area have continually maintained this mutually supportive relationship, the result of which has been a high-quality, comprehensive program of higher education for area citizens.

Facilities

The USC Union campus consists of eight buildings.

Main Building

The Main Building was a secondary public school originally constructed in 1909, renovated in 1965, and completely restored in 1991. It currently houses classrooms; an auditorium; administrative and faculty offices; biology, chemistry, and computer science laboratories; a student lounge; disability services; and the Student Academic Success Center.

Whitener Building

Listed on the National Register of Historic Places, the Whitener Building was built in 1891 as the first modern public-school building in Union County. After several additions and incarnations as a high school, middle school, and elementary school, it was secured for USC Union by the Union County Commission for Higher Education in 1975. Renovations were completed on the Whitener Building in the fall of 1988 and it now houses administrative and faculty offices, classrooms, telecommunications instruction classrooms, and a community room for meetings and receptions.

Bookstore

The University of South Carolina Union Bookstore is located at 311 East Main Street. The bookstore sells a variety of Carolina-themed products which include clothing for adults and children, tailgating products, jewelry, miscellaneous items, snacks and non-alcoholic beverages. Students can purchase or rent their textbooks, and obtain their Carolina cards. Textbook buy back is held at the end of each semester. USC Bantam clothing, memorabilia, and USC-Union clothing are also available for purchase. Store hours are Mondays-Thursdays from 8 a.m. to 5 p.m. and Fridays from 8 a.m. to 2 p.m.

- **Student Center**

The Student Center, which is located at the rear of the Bookstore, is a fun area for students to gather before or after class. Students can enjoy television, pool tables, air hockey, video games, ping pong, and vending machines.

Located behind the Student Center, the courtyard is a pleasant outdoor area for reading and relaxation. Power stations are located near the seating areas where students can charge their phones or tablets.

Truluck Activity Center

Completed in 1969, the activity center provides space for athletic and social activities. The center contains a basketball court, office space, and physical-fitness equipment. The center has a seating capacity of 500.

Founders House

The former Child Development Center, renamed Founders House to honor local leaders who have had a special relationship with USC Union, has recently undergone a complete renovation. The house has private and shared office space.

Fine Arts Building

A newly-purchased building on Main Street will house additional university facilities in the near future, including a dedicated Fine Arts area with faculty offices, classrooms, and art studio space, as well as some storage space and maintenance offices.

Science and Nursing Building

The new Science and Nursing Building on Main Street, across the street from the Bookstore, will house a new state-of-the-art virtual reality science lab/classroom, as well as faculty offices, and meeting space.

Student Services Building

The new Student Services Building located on Main Street next to the bookstore houses the admissions, financial aid, and student life offices.

USC Union Library

Our library services are provided by Union County Carnegie Library located at 300 E. South Street. The library is a resource for the USC Union students and faculty, as well as members of the community.

The mission of the USC Union Library is to support the educational goals of the campus while adhering to the overall academic mission of the University. The library accomplishes its mission in the following ways: by building and maintaining comprehensive collections of resources that support the academic offerings of the curriculum available to USC Union's students, faculty, staff, and other patrons throughout Union County and the immediate area; by instructing students and library patrons in effective methods to locate and retrieve the information they seek; and by utilizing the most advanced technologies available to provide additional access to information needed to successfully meet the academic needs of USC Union and its community.

Student Life

Student Life Statement:

An important part of university life is the rich opportunity to participate in and contribute to the extracurricular life of the campus. USC Union encourages and fosters the growth and development of student organizations, clubs, publications, and student activities. Our campus provides opportunities for every student to make important and noticeable contributions. Your ideas, hard work, and participation in student activities on this campus will be visible and deeply appreciated.

Commencement and Other Formal Ceremonies:

Commencement is a dignified and formal ceremony that honors students who have earned degrees. The academic costumes worn in the procession and at other formal university occasions trace their origins to those worn by faculty and students at medieval European universities. The costume remains relatively unchanged since the 16th century. The style of the gown, the shape and tassel of the headpiece, and the colors on the hood all denote the wearer's academic heritage.

The headpiece is appropriately worn with the board flat on the top of the head and with the tassel falling from the left quarter of the board. Tassel colors denote the field of discipline in which the wearer's degree was earned. Doctoral tassels are often gold. The soft velvet tudor cap is also worn by many who hold the doctorate.

The hood is worn falling from the shoulders down the back of the gown in a display of vivid color. It is edged in velvet, which by its color denotes the field of discipline in which the wearer's degree was earned and it is lined in two colors of silk, which represent the college or university from which the degree was earned. Hence, the University of South Carolina hood is lined in garnet and black and edged with the appropriate discipline color.

The University Mace is carried in procession on occasions of outstanding importance, such as commencements, convocations, and formal dedications. The placement of the mace on its stand signals that the proceedings are about to come to order; its retirement indicates the conclusion of the exercises. The Mace is carried in procession by the President of the Student Government and escorted by the University Chaplain and representatives of the Faculty, the Faculty Emeriti, Alumni, the Board of Trustees, and the University community at large. Academic maces are historically regarded as manifestations of the *immortal dignity* and thus represent the past, present, and future.

Activities and Organizations

Please note the Active (A) and Inactive (IA) activities and organizations

Since it recognizes that extracurricular activities form an important part of the overall educational experience of students at the University, USC Union promotes and regulates the activities of student organizations. The institution provides the use of its name and physical facilities, contributes faculty time for advice and counsel, and encourages development of student government and organization.

A student organization is defined as any group or organization that admits USC Union students to its membership, whose program or activities affect student welfare, and that uses campus facilities in the operation of its program.

Student Government Association (A)

The Student Government Association (SGA) is composed of all registered undergraduate students of the University of South Carolina Union. Upon payment of semester fees, students are automatically considered members of this organization. Student Government Association senators are elected by the student body and the president and vice-president are elected by the senators. The officers and senators comprise the governing council of the SGA.

The purpose of the SGA is to represent the student body both academically and socially. The SGA schedules and directs a wide variety of activities.

Located on the lower floor of the Main Building, the SASC offers a wide variety of services for students. The Success Center is here to help meet the academic needs of our students, by providing the services that we feel are necessary for student success. Call today to get ahead (864) 424-8017!

Qualified tutors are available for traditional tutoring, group study sessions, and also one-on-one sessions.

The Success Center is also able to guide students while navigating the all-new 24/7 online [Brainfuse Tutoring](#) service. Brainfuse allows students access to online tutoring from anywhere, at any time, and it covers any subject that is offered by USC.

The Student Academic Success Center also has a program which enables students to sign out loaner equipment that may be needed to be more successful in their classes. Currently the SASC offers digital voice recorders, which can be used to record classroom lectures and graphing calculators for use in math classes, which require the calculators.

Writing Center

USC Union's Writing Center Mission Statement

The mission of our writing center is to connect writers with readers, to make good writers better writers, and to help people develop an awareness about themselves as writers and thinkers that will assist them after they leave the session. To this end, we practice a collaborative approach to sessions where writers and consultants engage in one-on-one conversations about writing—conversations that focus on shared knowledge and expertise, as opposed to hierarchical instruction that treats writing center sessions as remediation. Therefore, our consultants and visiting students work together in developing ideas, the articulation of ideas, and the most practical, coherent ways of communicating ideas to readers.

Student Pre-Session Preparation

1. Students should select up to 5 pages of writing for a half hour session. For writing that's more than five pages, students and consultants should plan future sessions in increments of five pages.
2. Students should have two specific concerns/goals for each piece of writing. For example, students can choose to focus on clarity of argument and through-line of argumentation; logical integration of research and developing strong topic sentences; in-text citations and strong connections between evidence and effective argumentation; and, finally, grammar and syntax.
3. Students should bring two clean, hard copies of the assignment and writing utensils to each session.

4. If the student is returning to the writing center, reflect on previous goals. If they're being met, tell the consultant. Celebrate progress!

USC Union Bookstore

Students may purchase course textbooks, some school supplies, and UofSC clothing and memorabilia. If the bookstore does not have an item, the staff will try to obtain it from another bookstore. Book buy-back is normally held at the end of each semester. Bookstore policies are available at the bookstore.

USC Union students receive picture ID cards. The cards are made in bookstore during registration periods and must be used for voting, admission to campus events, access to the library, and other programs. Students who lose their ID cards may lose some student privileges until a replacement is obtained. A fee is charged for replacement cards. Cards are revalidated each semester.

Disability Services

Students with disabilities are assisted through the USC Union Office of Disability Services (ODS), with the help of the Columbia Office of Educational Support Services. The professionally trained staff works toward accessibility for all University programs, services, and activities in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. Some of the services offered include orientation, priority registration, library access, test proctoring, classroom adaptations, and academic, personal, and vocational counseling.

In order to receive the assistance you may need, ODS first requires that you self-identify as a student with a disability. Once you have self-identified and provided the office with the appropriate documentation of your disability, ODS will determine if you qualify to register as a student with a disability. Upon registration ODS will then determine if you will receive accommodations for your disability. Accommodations are approved on a case by case basis, and are governed by the American with Disabilities Act (ADA) and/or Section 504 of the Rehabilitation Act of 1973.

Documentation requirements are specific to the disability, but in general documentation must be from a physician, licensed psychologist, or other person(s) licensed to make the diagnosis. These guidelines help determine what accommodations, if any, will be made, and are based on the disability and its impact on your major life functions. In order to ensure that you obtain the specific documentation required, the Office of Disability Services recommends that you print the online guidelines and present them to the qualified professional providing your documentation.

For more information on how to register as a student with a disability, visit https://sc.edu/about/system_and_campuses/union/internal/current_students/disability_services/

Students who have accessibility concerns with the online registration links should contact the Office of Disability Services at 864-424-8060, email [Brandon Simpson](mailto:Brandon.Simpson@usc.edu) for assistance, or make an appointment: calendly.com/bsimpson-1914

Students who intend to apply these credits toward a baccalaureate degree awarded by another campus or institution are advised to work closely with an academic advisor to choose electives that will meet preliminary requirements of the four-year major they wish to pursue. Of particular importance is completion of general education requirements. USC Columbia requires a minimum of 31 general education credit hours and a student planning to pursue a USC Columbia baccalaureate degree must complete these hours. Special Academic Programs

University 101:

University 101 is a three-hour seminar course, open for credit only to freshmen and to other undergraduate students (i.e., transfer students) in their first year at USC Union. This course provides an introduction to the nature and importance of university education and a general orientation to the functions and resources of the University.

The course helps new students adjust to the University, develop a better understanding of the learning process, and acquire essential academic survival skills. It also provides students a support group in a critical year by examining problems common to the new-student experience. Extensive reading and writing assignments relevant to the student's college experience are required.

Organized in small groups of 20-25 students, University 101 is taught by faculty members and administrative personnel who have a special interest in working with new students. The course may be taken as part of a student's regular load or as an overload. Course credit is awarded on a letter-grade basis. Credit is applicable as elective credit toward almost all baccalaureate degrees offered by the University.

Evening Program:

For the benefit of those whose personal or work schedules make day attendance impossible or impractical, USC Union offers numerous courses after 5 p.m., in two different formats: one hour and 15 minute classes meet twice per week in the early evening, and 2 hour and 45 minute classes meet once per week in the later evening.

Laurens Classes:

USC Union offers a variety of courses in Laurens at the Laurens Higher Education Center. This program offers area citizens the opportunity to begin their postsecondary education career near home. Students may expect to complete their freshman year before having to commute to Union or other area institutions to complete their degree. The local phone number is 864-983-1517.

Distributed Learning Courses:

USC offers a variety of beginning and upper-division courses through the Office of Distributed learning. Courses are taught via live streaming video, DVD and hybrid formats. More information may be obtained at <http://learn.sc.edu>.

Independent Study:

These courses, numbered 399, are available for advanced students who wish to engage in additional study and research in specific areas of interest. Students work under the supervision of

a USC Union professor, and a contract approved by the instructor, advisor, and academic dean is required.

Advisement Policies

When students are accepted into the University, they are assigned an academic advisor. Students are expected to arrange to meet with their advisor at least once a semester to plan their course of study for the following semester. Students who do not know their assigned advisor should obtain this information from the appropriate departmental or academic dean's office.

Information, advice, and interpretations of University policies offered by advisors do not supersede the official statement of policies and academic regulations described in the University Undergraduate Studies Bulletin. Exceptions to University regulations cannot be made by academic advisors. Any exceptions to the policies and regulations set forth in the University Undergraduate Studies Bulletin must be made by the appropriate College Scholastic Standards and Petitions Committee or by the dean of the college.

Records of academic progress may be kept by advisors and deans, but the only official student records are maintained by the Office of the University Registrar.

Classification of Students

Classification is based on the total number of successful semester credit hours earned: A student must have earned 30 hours to be classified as a sophomore, 60 for classification as a junior, and 90 for senior classification. Students are classified at the beginning of each semester and maintain that classification until the next semester begins.

Undeclared Freshmen

For various reasons it may be impossible or inappropriate for a student to declare a major. Nevertheless, all students will receive advisement in the college most closely related to their interests and abilities. Transient students are subject to the rules of their home institution and may take course work at the University of South Carolina without a declared major. University courses are open to those seeking career advancement or life enrichment and who meet stated course prerequisites. Freshmen who have been accepted by the University, but who are unsure of academic or career goals, may need a period in which to establish their major interest. To accommodate students in these categories, courses which are usually open to students with 30 or fewer hours (freshmen) are open to all students who meet prerequisites published in the University's Undergraduate Studies Bulletin. Students who have earned 30 semester hours and wish to continue their studies at the University of South Carolina must declare a major in a program in which they meet entrance or progression requirements.

Course of Studies

Students are expected to follow the programs outlined by their school or college as closely as possible, particularly in the first two years when satisfying basic degree requirements and prerequisites for advanced work. Students must pursue required courses in the prescribed sequence. Failure to do so may lead to future schedule difficulties, and students may find that the subjects for which they wish to enroll are either not available or are closed to students with

advanced standing. Students who fail to complete successfully all freshman requirements may not enroll in courses in their major field beyond the sophomore level. Students ineligible to continue courses in their major field may take electives until the deficiency is removed. Students who enroll in classes for which prerequisites or other defined requirements have not been met may be removed from these classes. Learning-disabled students who wish to take advantage of University-approved program accommodations must have an academic advisory plan on file with the Office of Student Disability Services and the dean of the college. This plan will be formulated by the student's academic advisor with the assistance of the Office of Student Disability Services and will contain recommended accommodations which specifically relate to and are consistent with the student's diagnosed disability. A copy of the student's academic advisory plan must be provided to the course instructor for the student to be eligible for a particular accommodation. Any substitutions for degree requirements recommended in the student's academic advisory plan must be referred to the Scholastic Standards and Petitions Committee of the student's college for action.

Changes in Curriculum

Undergraduate students interested in changing majors should contact the college or school offering the new curriculum the student intends to follow. Once all necessary permissions are obtained, the college or school that offers the new curriculum will notify the Office of the University Registrar to update the student's record. Curriculum changes can affect loan deferment, scholarship eligibility, athletic participation eligibility, tuition and fee assessment, and international student VISA regulations. For this reason, all curriculum changes must be completed before the end of the free drop/add period in Fall and Spring Terms (in Part of Term 30), and prior to June 1 during the Summer Term. Curriculum change requests that arrive at the Office of the University Registrar after these deadlines will be processed for the following term. Exceptions to this rule may be made in the event that a change request is being made in the semester that student is graduating from the University.

Course Substitutions

Only under unavoidable and exceptional circumstances will the faculty permit substitution for or exemption from the prescribed curricula. When it becomes necessary to request a deviation from the prescribed course of study, students should consult the dean of their college or the head of the department in which they are majoring before preparing a petition listing the substitutions or exemptions sought and the reasons for the request. Petitions are submitted on forms obtainable from the Scholastic Standards and Petitions Committee of the particular college, and must be returned to the dean of the college in which the student is enrolled. Deviations from degree requirements published in the bulletin must be approved by the student's dean and the head of the student's major department. The Scholastic Standards and Petitions Committee of each college functions as an appeal board in cases where agreement between the dean, department head, and the student cannot be reached.

Change of Campus

Students interested in transferring to another USC campus after they have met the requirements need to fill out a change of campus/college request online through my.sc.edu for all campuses except Columbia. For USC Columbia, go to the Apply page on sc.edu. Be sure to select change of campus/system transfer as type. Before you can transfer to the Columbia campus or one of the other four-year USC campuses, students must complete 30 hours at USC Union and meet certain GPA requirements. For more information about the Columbia campus and the majors visit the USC webpage at www.sc.edu and then click on Colleges and Schools. If you have questions about transferring to another USC Campus/College contact the Admissions Office.

Academic Regulations

As the chief governing body of the University, the Board of Trustees delegates the powers of the president and the faculty in accordance with its policies. Subject to the review of the president and the Board of Trustees, the faculty retains legislative powers in all matters pertaining to the standards of admission, registration, instruction, research, extracurricular activities, requirements for and granting of degrees, the curricula, the discipline of students, the educational policies and standards of the University, and all other matters affecting the conduct of academic affairs.

The University reserves the right to make changes in curricula, degree requirements, course offerings, and all academic regulations whenever, in the judgment of the faculty, the president, or the Board of Trustees, such changes are in the best interest of the students and the University.

Registration at the University of South Carolina assumes the students' acceptance of all published regulations, including both those which appear in this document and all others as applicable in any official announcement such as the Medical School Bulletin, Law School Bulletin, Graduate Studies Bulletin, the University Master Schedule of Classes, or the Carolina Community. Official policies of the University listed below are published in the Carolina Community, which is available online as well as through the Student Government Office or the Office of the Vice President for Student Affairs.

1. Student Rights and Freedoms within the Academic Community
2. Rule of Academic Responsibility and Academic Disciplinary Procedures
3. Grievance Policy and Procedures for Non-Academic Areas
4. University Policy on Use of Alcohol
5. University Policy on Campus Solicitation
6. University Policy on Student Patent and Copyright Matters
7. Student Right to Know

Unforeseen circumstances may interfere with the scheduling of a course or degree offering. Students must accept such developments even if doing so will mean a delay in some of their academic goals or a modification of those goals. The departments concerned will work closely with students facing such problems in an effort to resolve them with a minimum of difficulty.

The University reserves the right to withdraw any course because of inadequate enrollment. Additional courses may be offered upon application of a sufficient number of students; a minimum of 10 applicants is the usual requirement. Registration in any course may be closed when the maximum enrollment for efficient work has been reached.

Student Rights

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.

A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the University to amend a record should write the University official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the University decides not to amend the record as requested, the University will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the University discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

(a) The University discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position; a person or company with whom the University has contracted as its agent to provide a service instead of using University employees or officials (such as an attorney, auditor, service provider or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University.

(b) To officials of other institutions in which the student seeks or intends to enroll provided that the student had previously requested a release of his/her record;

(c) To authorized representatives of the U.S. Department of Education, U.S. Department of Defense (Solomon Amendment), U.S. Attorney General, the Comptroller General of the United States, state education authorities, organizations conducting studies for or on behalf of the University, and accrediting organizations; to the Department of Homeland Security (DHS) and its Immigration and Customs Enforcement Bureau (ICE) in order to comply with the requirements of SEVIS.

(d) In connection with a student's application for, and receipt of, financial aid;

(e) To comply with a judicial order or lawfully issued subpoena;

(f) To parents of dependent students as defined by the Internal Revenue Code, Section 152;

(g) To appropriate parties in a health or safety emergency; or

(h) To the alleged victim of any crime of violence or the results of any disciplinary proceedings conducted by the University.

(i) The University may disclose the result of a disciplinary proceeding to a parent or guardian so long as the student is under the age of 21 at the time of the incident and the proceeding has resulted in a violation of University drug or alcohol policies, or any federal, state, or local law.

Student Rights and Freedoms

Preamble

Academic institutions exist for the transmission of knowledge, and the pursuit of truth, the development of students, and the general well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of the academic community, students should be encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search of truth.

Freedom to teach and freedom to learn are inseparable facets of academic freedom. The freedom to learn depends upon appropriate opportunities and conditions in the classroom, on the campus and in the larger community. Students should exercise their freedom with responsibility.

This responsibility to secure and to respect general conditions conducive to the freedom to learn is shared by all members of the academic community. The University has a duty to develop policies, and procedures should be developed within the framework of general standards with the broadest possible participation of the members of the academic community. The purpose of this statement is to enumerate the essential provisions for student freedom to learn.

Section I-Freedom of Access to Higher Education

Under no circumstances should a student be barred from admission on the basis of race, creed, or natural origin. Thus, within the limits of its facilities, the University should be open to all students who are qualified according to its admission standards.

Section II-In the Classroom

The professor in the classroom and in conference should encourage free discussion, inquiry, and expression. Student performance should be evaluated solely on an academic basis.

Students should be free to take reasoned exceptions to the data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course of study in which they are enrolled.

Students should have protection through orderly procedures against prejudiced or capricious academic evaluation. At the same time, they are responsible for maintaining standards of academic performance established for each course in which they are enrolled.

Information about views, beliefs, and political associations which professors acquire in the course of their work as instructors, advisors, and counselors should be considered confidential.

Section III-Student Records

To minimize the risk of improper disclosure, academic and disciplinary records should be separate. Final transcripts or academic records should contain only information about academic

status. Information from disciplinary files should not be available to any unauthorized persons. No permanent records should be kept which reflect the political activities or beliefs of students. Authorized counselors should not, without the consent of the student, disclose any information obtained while counseling any student unless failure to disclose the information may result in physical or emotional harm to the student or others.

Section IV-Student Affairs

In student affairs certain standards must be maintained if the academic freedom of students is to be preserved.

Students bring to the campus a variety of interests previously acquired and develop many new interests as members of the academic community. They should be free to organize and join associations to promote their common interests. Campus organizations, including those affiliated with an extramural organization, should be open to all students without respect to race, creed, or national origin.

Students and student organizations should be free to examine and to discuss all questions of interest to them and to express opinions publicly and privately. At the same time, it should be made clear that in their public expressions or demonstrations, students or organizations speak only for themselves. Students should be allowed to invite and to hear any person of their own choosing, subject to those routine procedures provided for off-campus speakers.

As constituents of the academic community, students should be free, individually and collectively, to express their views on issues of general interest to the student body. The student body should have clearly defined means to participate in the formulation and application of institutional policy affecting academic and student affairs.

Student publications and the student press are a valuable aid in establishing and maintaining an atmosphere of free and responsible discussion and of intellectual exploration on the campus. Institutional authorities have a responsibility to provide written clarification of the role of the student publications, of the standards to be used in their evaluation, and the limitations on external control of their operation. At the same time, the editorial freedom of student editors entails corollary responsibilities to be governed by the canons of responsible journalism.

Section V-Off-Campus Freedom of Students

University students are both citizens and members of the academic community. As citizens, students should enjoy the same freedom of speech, peaceful assembly, and right of petition that other citizens enjoy, and, as members of the academic community, they are subject to the obligations which accrue to them by virtue of this membership. Faculty members and administrative officials should ensure that institutional powers are not employed to inhibit such intellectual and personal development of students as is often promoted by their exercise of the rights of citizenship both on and off campus.

The USC Union Student Code of Conduct

Purpose

The purpose of the Code of Conduct is to articulate the university's authority to initiate disciplinary action against a student in accordance with procedure and due process protections. The Code of Conduct also identifies prohibited conduct and sanctions for violations of prohibited conduct.

Policy Statement

The University of South Carolina Union's mission includes providing students with the knowledge, skills, and values necessary for success and responsible citizenship in a complex and changing world. The university's aspirational set of values that will guide student behavior are encompassed in the Carolinian Creed (www.sc.edu/creed). Consistent with procedural and due process protections, however, this policy outlines specific prohibited conduct that can result in the disciplinary process being initiated with a student, group of students, or student organization.

A. Application and Jurisdiction

1. The university may initiate disciplinary action for prohibited conduct that occurs on university property or within a university operated facility. The university may initiate disciplinary action for prohibited conduct that occurs while the student, students, or student organization is participating in off-campus activities sponsored by or affiliated with the university (including student organization functions, field trips, internships, rotations, and clinical assignments) or for any conduct that is deemed to potentially threaten the health/safety of the campus or disrupt the university learning environment no matter where such behavior may occur.
2. University disciplinary action may be instituted against a student or student organization charged with conduct that potentially violates both criminal/civil law and university policy without regard to the pendency of civil or criminal litigation in court or arrest. The university's disciplinary process may be initiated prior to, simultaneously with, or following criminal/civil proceedings off campus and any disciplinary sanctions reached under the university's process will not be re-evaluated based on the results of a criminal/civil proceeding. Students or student organization conduct proceedings and actions are not subject to challenge or postponement on the grounds that criminal or civil charges involving the same/similar incident have been dismissed, reduced, or are pending in criminal/civil court.
3. University disciplinary action occurring under the Code of Conduct will be based on the preponderance of evidence standard.
4. Students, guests of students, and student organizations remain subject to discipline for prohibited conduct that occurs while suspended from the university.
5. Adjudication of any alleged violation of prohibited conduct will advance under established policies that are in effect on the day that the university receives notification of the alleged violation and not the date on which the purported infraction is noted to have occurred.

6. Additional rules and regulations may be put in place during the year and will be updated to the university's website upon adoption.

B. Definitions

1. Definition of a "Student" - For the purpose of this policy, a "student" is defined as any person who is admitted, enrolled or registered for study at the University of South Carolina for any academic period. Persons who are not officially enrolled for a particular term but who have a continuing student relationship with, or an educational interest in, the University of South Carolina are considered "students". A person shall also be considered a student during any period that follows the end of either the Spring or Fall semester that the student has completed until the last day for registration for the next succeeding semester. A person shall also be considered a student during any period while the student is under suspension from the institution or when the person is attending or participating in any activity preparatory to the beginning of school including, but not limited to orientation, placement testing, and registration.
2. Definition of a "Student Organization" – A student organization is any group that is officially registered (or is pending registration) with the Admissions Office for the current academic year. STAF 3.10 governs specific policies pertaining to the university recognition of student organizations as well as a number of specific regulations student organizations must follow. Student organizations accused of violating the regulations in STAF 3.10 or the Code of Conduct, will follow the same disciplinary procedures outlined in this policy.
(<http://www.sc.edu/policies/ppm/staf310.pdf>)

C. Authority

The Board of Trustees and the president of the University are ultimately responsible for governing the university. The USC Union student conduct system is administered by the Office of Academic and Student Affairs. This responsibility includes formulating and implementing policies and procedures, in cooperation with other appropriate University bodies, for the consideration of conduct violations and the imposition of sanctions in an efficient, consistent, fair, legal, and educationally meaningful manner.

The Student Government Association has an elected and representative voice within the student conduct system and has the right to comment on any proposed changes pertaining to the discipline of students.

Decisions of the Associate Dean for Academic and Student Affairs or designee or from a formal university conduct hearing may be appealed by a student/student organization found responsible for the infraction. Reasons for appeal are limited to the following: a procedural error in hearing the case which significantly prejudiced findings; or new evidence which could not have been available at the time of the hearing. An appeal must be made in writing to the Associate Dean of Academic and Student Affairs within 5 business days of receipt of the original written decision of the Office of Academic and Student Affairs. A decision is assumed to be received three university business days from the date of mailing.

D. Prohibited Conduct

This section establishes the rules and regulations all students and student organizations are expected to follow under the duty and corollary powers inherent in educational institutions. Institutions protect their educational purposes through the setting of standards of student conduct and scholarship and through the regulation of the use of university facilities. Lack of familiarity with institutional rules and regulations is not an excuse for an infraction. Additional rules and regulations may be promulgated during the year and will be updated in this handbook. A link to this handbook may be found on the university's website.

1. Compliance with General Laws and Arrests – Disciplinary action imposed by the university may precede and/or be in addition to any penalty imposed by an off-campus authority if a student engages in conduct that is determined by the institution to violate any provision of federal, state, or local laws.

3. Reflection papers: a written response to prompts with the goal of promoting student learning and reflection on their actions to determine what they have learned, how they impacted others, and how they may avoid future missteps. The topic and essay questions assignment will depend on the incident type.

Like probation, delayed suspension is imposed for a certain period of time and may be contingent on completing additional requirements.

Procedural Standards in Disciplinary Proceedings

USC Policies and Procedures (STAF 6.26) [modified for USC Union]

It is USC-Union policy that disruptive behavior will not be tolerated in the classroom or other Campus areas. Such behavior may result in removal from the classroom or the premises by Security or other Staff or by the Police, depending on the severity of the incident. If a student is asked to leave or forcibly removed from class or campus, the student will not be allowed to return without permission from the Dean or the Dean's Designee.

The formality of the procedure to which a student is entitled in disciplinary cases should be proportionate to the gravity of the offense and the sanctions which may be imposed. Matters involving minor infractions of the Code of Student Conduct where suspension is not contemplated may be handled by the administration in an informal manner. Where misconduct may result in suspension, the student has the right to a hearing before an appropriate disciplinary panel. Pending action on the charges, the status of the student should not be altered, or his or her right to be present on the campus and to attend classes suspended except where the administration determines such action is necessary.

Students detected or arrested for allegedly committing violations of the Code of Student Conduct, or infractions of statutory law, should be informed of their University rights. No form of harassment should be used by University representatives to coerce the admission of guilt.

Where a breach of the Code of Conduct may result in suspension, the student has the right to a hearing before the USC Union Student Affairs Committee comprised of both faculty members and student members. The faculty members are elected each year by the Faculty Organization.

1. Rules Governing Formal Hearings

- A. The Chair of the Student Affairs Committee shall insure that all procedures are appropriately followed.

 - a. Findings of the hearing authority and the rationale for the findings;
 - b. Sanction(s); and
 - c. Statement regarding the right to appeal procedures.

3. Appeals – Office of the Dean

- A. Decisions of the Associate Dean for Academic and Student Affairs or designee, or from a formal University hearing, may be appealed to the Dean of the Campus by a student found guilty of violating the Code. The reasons for an appeal are limited to the following:

The Associate Dean or Student Affairs Committee committed a procedural error in hearing the case which significantly prejudiced the findings; or,
New evidence, which could not have been available at the time of the hearing, and which is material to the outcome of the case, is available.
- B. An appeal to the Dean of the Campus must be made in writing within five (5) University business days of receipt of the original written decision. A decision is assumed to be received three (3) University business days from the date of mailing. On appeal the Dean or designee shall review the appeal.
- C. After review, the Dean or designee may either:
 - a. Affirm the finding(s) of the Student Affairs Committee, in which case the decision is final; or
 - b. Remand the case to the Student Affairs Committee, in which case the decision is final; or
 - c. May remand the case to the Student Affairs Committee for further proceedings with directives to attend to procedural errors or new evidence.
- D. In extraordinary circumstance, the Dean or designee may direct a new hearing before the Associate Dean for Academic and Student Affairs or the Student Affairs Committee. All deadlines expressed in any section are subject to change if exigent circumstances exist.
- E. The Dean or designee shall send written notification regarding the appeal to the appealing party with fifteen (15) University business day of receiving the appeal barring special circumstances requiring an extension of this time limit. A copy of the decision will be sent to the Student Affairs Committee.
- F. Decisions of the Dean may be appealed in writing within five (5) University business days to the Chancellor of Palmetto College. The decision of the Chancellor in all

appellate matters is the final decision for the University. However, the President of the University has the discretionary authority to review decisions at the Chancellor level or below, and the Board of Trustees has the discretionary authority to review decisions of the President.

Such review of disciplinary decisions will take place only in extraordinary cases, such as where serious procedural issues seem to have occurred or where the decision appears to be in direct violation of University policy.

- G. Requests for such review normally will be considered only after the prescribed avenues of appeal have been completed.

Requests shall be made in written statement that includes the facts of the case, the type of hearing and appeal and the reasons justifying extraordinary review.

Such requests must be filed in the Office of the President within five (5) University business days of the receipt of the appeal decision.

If review is granted, the reviewing authority will determine appropriate procedures. New evidence will not normally be considered.

USC Union Code of Student/Faculty Academic Integrity & Responsibility

“I will practice personal and academic integrity.” – from the Carolinian Creed

I. Statement of purpose

The purpose of the Code of Student/Faculty Academic Responsibility is to establish general standards of academic discipline for the University of South Carolina Union.

II. Jurisdiction:

All full- or part-time faculty and all full-or part-time students enrolled at USC Union, or in courses originating from or conducted at that campus, shall be subject to the Code of Student/Faculty Academic Integrity & Responsibility.

III. Responsibility of USC Union Community:

A. General responsibility

1. It is the responsibility of every member of the USC Union Community (students, faculty, staff, and administration) to uphold and maintain the academic standards and integrity of USC Union.
2. Any member of the USC Union community who has reasonable grounds to believe that an infraction of the Code of Student/Faculty Academic Responsibility has occurred has a right to report the alleged violation.

B. Student Responsibility

All students have responsibilities to themselves, their classmates and their instructors:

1. To attend class and arrive on time
2. To complete assigned work on schedule
3. To attend scheduled examinations
4. To communicate with their instructors during or outside of class to help identify difficult and interesting aspects of the subject
5. To master the content of courses taken for credit
6. To contribute to course evaluations in order that instructors might learn what students believe to be their strengths and weaknesses.

C. Faculty Responsibility

All instructors have responsibility to themselves and to their students:

1. To offer clarification of this Code where necessary
2. To state in writing at an early meeting of classes, specific course learning outcomes and the manner in which they are to be obtained
3. To state, in writing at an early meeting of classes, grading, and evaluation procedures including:
 - a. The grading system and the method of determining the final grade;

- b. The relative importance of prepared papers, quizzes, examinations, and class preparations;
 - c. The advance notice to be given for scheduled examinations;
 - d. The policy on unannounced quizzes.
- 4. To exercise care in the organization and preparation of materials
- 5. To begin and end class periods on time (if absence is anticipated, classes should be informed in advance of contingency arrangements).
- 6. To maintain regular posted hours each week for student consultations
- 7. To plan tests and examinations carefully, ensuring that they can be completed within the test-examination period
- 8. To grade and return examinations without undue delay (preferably within one week of the examination date)
- 9. To give final examinations at the scheduled time.

D. Administrator Responsibility

USC Union Administration should:

- 1. Ensure that each entering student is afforded an opportunity to review this Code prior to his or her first day of classes at the University
- 2. Ensure that all new USC Union faculty, administration, and staff personnel should be apprised of this Code.

IV. Definitions of Certain Specific Violations

This code is intended to prohibit all forms of academic dishonesty and should be interpreted broadly to carry out that purpose. The following examples illustrate conduct that violates this Code, but this list is not intended to be an exhaustive compilation of prohibited conduct.

Whenever a student is uncertain as to whether conduct would violate this Code, it is the responsibility of the student to seek clarification from the appropriate faculty member or instructor of record prior to engaging in such conduct.

- A. Bribery – Bribery involves the offering, giving, receiving, or soliciting of anything of value in order to obtain a grade or consideration a student would not expect to achieve from his or her own academic performance.
- B. Cheating – Cheating includes but is not restricted to the following:
 - 1. Any conduct that involves the unauthorized use of written or verbal information, or the unauthorized use of any other means of communication in connection with the completion of any academic work.
 - 2. Access to the contents of any quiz, test, or examination, or the buying, selling, or theft of any examination or quiz prior to its administration.
 - 3. The unauthorized use of any electronic or mechanical device in connection with the completion of any academic work.
 - 4. The unauthorized use of laboratory reports, term papers, theses, or other written materials, in whole or in part.

5. Unauthorized collaboration on any test, assignment, or project
 6. The submission of another person's work in lieu of one's own work
 7. The taking of all or part of another person's course and/or examination
 8. Any conduct intended to interfere with an instructor's ability to evaluate accurately a student's competency or performance in an academic course, internship, or program.
- C. Lying- Lying includes the deliberate misrepresentation of any situation or fact, in part or whole, for the purpose of avoiding or postponing the completion of any assignment, duty, test, or examination, or which interferes with the instructor's ability to evaluate accurately student's competency or performance in the course, internship, or program.
- D. Plagiarism – Plagiarism is the act of taking an original idea, writing, or work of another and presenting it as the product of one's own activity, whether in whole or in part. It is the dishonest use of the work of another person. A person has committed plagiarism when he/she submits the words, sentences, ideas, conclusion, and/or example from a source (book, an article, another student's paper, etc.) without properly acknowledging the source.
- E. Aiding a student to commit any of the violations described above. It is likewise a violation of student/faculty academic responsibility to participate in or knowingly to aid another person in any of the above activities.

V. Procedure for Handling Alleged Violations of the Code

A. Informal Procedure

1. All alleged infractions of the Code of Student/Faculty Academic Integrity & Responsibility must be submitted online via the "Academic Integrity Incident Report" page on the USC Union website. This form is used to report potential academic integrity violations. This form will be shared with the Associate Dean for Academic and Student Affairs for record-keeping purposes. A redacted copy of this incident report will be shared with the student. Upon submission, the Associate Dean of Academic and Student Affairs will contact the instructor to discuss if the instructor would like to proceed informally or formally with this matter.
2. Alleged infractions of the Code of Student/Faculty Academic Integrity & Responsibility may be handled informally through discussion of the matter with the student or faculty member involved.
3. The Associate Dean for Academic and Student Affairs shall be requested to act as an intermediary in the informal discussion.
 - i. By the accusing party if he/she wishes to bypass the above discussion.
 - ii. By either party if the discussion in A.1 is not resolved to the satisfaction of both parties.
4. Time limits. The part of the informal procedure involving the Associate Dean for Academic and Student Affairs must be within seven (7) University business days of the discovery of the alleged violation.

B. Formal Procedure

If informal discussions prove to be unsatisfactory, either party may request that the Associate Dean for Academic and Student Affairs begin formal proceedings to resolve the matter.

The formal procedure is initiated when either party makes an official request to the Associate Dean for Academic and Student Affairs within five (5) University business days of the informal meeting. Student requests for the formal procedure must be made in writing and should outline the basic allegations being made. Faculty requests for the formal procedure must be made by completing a “Notice of Charges and Plea Response” form that can be obtained from the Office of the Associate Dean for Academic and Student Affairs. Upon receipt of the “Notice of Charges and Plea Response” form, the student will have five (5) University business days to respond.

Formal Hearings will be held before the USC Union Academic Affairs Committee. The Committee shall consist of three USC Union faculty representatives, one Freshman SGA member, and one sophomore SGA senator. Members will serve for a term of one academic year, including summer sessions. Members are appointed by the Faculty Organization.

Rules Governing Formal Hearings

1. When a student chooses an option of a formal administrative hearing, or when a case is referred to a hearing, the Office of Academic and Student Affairs shall set a date and place for a hearing and notify those charged, the Academic Affairs Committee, and relevant participants as to the scheduling of the hearing.
2. The Associate Dean for Academic and Student Affairs will provide the accusing party and the charged party with the names of the Academic Affairs Committee members. Each party will have the right to exclude any member of the Committee in the event of a conflict of interest. In such cases, the Associate Dean of Academic and Student Affairs will appoint an alternate member.
3. The Academic Affairs Committee is charged with hearing and reviewing cases involving USC Union students charged with violations of the Code of Student/Faculty Academic Integrity & Responsibility and will recommend sanctions based on USC and USC Union policies and procedures.
4. Hearings shall be considered closed and confidential. All statements, information, or comments given during hearings shall be held in strictest confidence by Committee members, University staff, witnesses, advisors, and observers before, during, and after deliberation in keeping with relevant law and policy. Video, audio, stenographic, or photographic recording of hearing proceedings are prohibited, except as authorized by University policy.
5. If any material facts are in dispute, testimony of witnesses and other evidence shall be heard. Each party is responsible for securing the presence and participation of witnesses relevant to its case.

6. A party charged with a violation is responsible for presenting his/her own case. Advisors are not permitted to speak or to participate directly in any hearing.
7. Prior to the first convening of the hearing, the Academic Affairs Committee will select one member to serve as Chair for the hearing. Any member of the hearing Committee may require the Committee to go into private session to discuss and decide a matter by majority vote. The Chair can recess the hearing at any time.
8. The party(ies) charged with a violation(s) and the Academic Affairs Committee members shall have the right, within reasonable time limits set by the Chair, to present questions for witnesses who testify orally. The Chair may require that questions by the charged party(ies) be addressed to Committee members who can ask these questions of the witnesses.
9. All hearings shall be conducted in an informal manner and technical rules of evidence will not be applied. Witnesses (except for the charged party or parties) shall be present during a hearing only during the time they are testifying.
10. If the charged student chooses not to attend the formal hearing, that student may be considered as having waived his/her right to represent themselves in the hearing, and the Committee may proceed with the hearing and reach decisions and impose sanctions without the student's participation.
11. An audio recording of the hearing shall be kept by the Office of Academic & Student Affairs until any appeal has been concluded, or ninety (90) days from the date of the hearing, whichever is longer. No typed record shall be required. The charged party(ies) and advisor shall have the right, upon request, to listen to the recording in the presence of a staff member from the Office of Academic and Student Affairs. The charged student or student organization representative may request a duplicate copy of the recording at his/her/its own expense within a period of ninety (90) days from the date of the hearing.

Deliberation and Decisions of the Committee

1. After hearing the evidence, the Committee may choose to continue the hearing at a later date if additional evidence or witnesses are needed.
2. After all information has been presented and the charged party has made a final statement, the Committee shall meet in private to discuss the case, reach its decision, and if appropriate, recommend a sanction.
3. The Committee must render its decision within six hours of actual deliberation time, which may be spread over a period of one week, unless additional time is approved unanimously by the Committee.
4. Decisions must be by majority vote, with the Chair voting only in the event of a tie. If the student(s) is(are) found guilty of violating the Code of Faculty/Student Academic Integrity & Responsibility, the Committee may request any information concerning any past disciplinary record(s) of the student(s) in determining an appropriate sanction(s). The decision will result in a "hung" committee if no

majority vote for either principal may be obtained within the time limits outlined above.

5. Within three days of reaching its decision, the hearing Chair will submit its written decision (and, if appropriate, recommendations for sanction) to the Associate Dean for Academic & Student Affairs.
6. Within 24 hours of receiving the Committee's decision and recommendations, the Associate Dean for Academic & Student Affairs will send a written notification of the Committee's decision to both principals and sanctions to the Dean of the Campus. The notice will include relevant information regarding the right to appeal and appeal procedures.

Recommendations for Sanctions

Each faculty member retains the right and authority to determine the appropriate "in class" sanction for students violating the Code of Faculty/Student Academic Integrity & Responsibility. In addition to any sanctions imposed by the professor, the Committee may recommend that the Associate Dean for Academic & Student Affairs impose the following disciplinary sanctions upon students found responsible for a violation of the Code of Faculty/Student Academic Integrity & Responsibility.

All sanctions may be imposed either singularly or in combination. The purposes of imposing sanctions are twofold: one, to protect the University community from behavior which is detrimental to the community and/or the educational mission of the University; and two, to assist students in identifying acceptable parameters and consequences of future behavior. The sanction(s) imposed is (are) intended to correspond with the severity or frequency of violations, as well as the student's willingness to recommit himself or herself to good citizenship through behaviors that fall within the guidelines of the Carolinian Creed:

Educational Sanctions – Educational sanctions can include:

- a. A workshop reviewing ethical decision-making, integrity, and the Honor Code;
- b. A research project or essay;
- c. Consultations with the Writing Center or Student Success Center; or
- d. Additional sanctions may be imposed by the Office of Academic and Student Affairs or the Academic Affairs Committee.

Note: if the student does not complete the required educational sanction, the Associate Dean of Academic and Students will refer the charged party back to the Academic Affairs Committee to recommend further disciplinary action.

Expulsion: Dismissal from the University without the ability to apply for re-admittance.

Suspension: Denial of enrollment, attendance, and other privileges at the University for a specified period of time. Permission to apply for re-admission upon termination of the period may be granted with or without conditions or restrictions. Students may be required to complete a period of disciplinary probation upon their return to the University. NOTE: Any student suspended or expelled for disciplinary reasons must vacate the campus within the period of time noted in the notice of suspension. The student may not return to campus or University property during the term

of the suspension without prior written permission by the Associate Dean for Academic & Student Affairs or designee.

Conduct Probation: A period of review and observation during which a student is under an official warning that subsequent violations of University rules, regulations, or policies are likely to result in a more severe sanction including suspension or expulsion from the University. While on conduct probation, a student may be considered to be "not in good standing" and may face specific limitations on his or her behavior and/or University privileges (see Conditions/Restrictions).

Conditions/Restrictions: Limitations upon a student's behavior and/or University privileges for a period of time, or an active obligation to complete a specified activity. This sanction may include, but is not limited to: restricted access to the campus or parts of campus, denial of the right to represent the University in any way, denial of parking privileges, required attendance at a workshop, or participation in public service.

Written Warning: An official reprimand that makes the misconduct a matter of record in University files. Any further misconduct could result in further disciplinary action.

Appeals – Office of the Dean

1. Decisions of the Associate Dean for Academic & Student Affairs or designee, or from a formal University Hearing, may be appealed to the Dean of the Campus by a student found guilty of violating the Code. The reasons for an appeal are limited to the following:

The Associate Dean or Academic Affairs Committee committed a procedural error in hearing the case which significantly prejudiced the findings; or,

New evidence, which could not have been available at the time of the hearing, and which is material to the outcome of the case, is available.

2. An appeal to the Dean of the Campus must be made in writing within five (5) University business days of receipt of the original written decision. A decision is assumed to be received three (3) University business days from the date of mailing. On appeal the Dean or designee shall review the appeal.

3. After review, the Dean or designee may either:

Affirm the finding(s) of the original hearing authority, in which case the decision is final;
or

Remand the case to the original hearing authority, in which case the decision is final; or

May remand the case to the original hearing authority for further proceedings with directives to attend to procedural errors or new evidence.

4. In extraordinary circumstances, the Dean or designee may direct a new hearing before the Associate Dean or the Academic Affairs Committee. All deadlines expressed in any section are subject to change if exigent circumstances exist.
5. The Dean or designee shall send written notification of the decision regarding the appeal to the appealing party within fifteen (15) University business days of receiving the appeal barring special circumstances requiring an extension of this time limit. A copy of the decision will be sent to the original hearing authority.
6. Decisions of the Dean may be appealed in writing within five (5) University business days to the Chancellor for Palmetto College. The decision of the Chancellor in all appellate matters is the final decision for the University. However, the President of the University has the discretionary authority to review decisions at the Chancellor level or below, and the Board of Trustees has the discretionary authority to review decisions of the President.

Such review of disciplinary decisions will take place only in extraordinary cases, such as where serious procedural issues seem to have occurred or where the decision appears to be in direct violation of University policy.

7. Requests for such review normally will be considered only after the prescribed avenues of appeal have been completed.

Requests shall be made by written statement that includes the facts of the case, the type of hearing and appeal and the reasons justifying extraordinary review. Such requests must be filed in the Office of the President within five (5) University business days of the receipt of the appeal decision.

If review is granted, the reviewing authority will determine appropriate procedures. New evidence will not normally be considered.

Grievance Policy

Preface

The University of South Carolina Union is committed to a policy of treating all members of the University community fairly in regard to their personal and professional concerns. In order to ensure that students know what to do when they need to resolve a problem, this procedure is provided.

Purpose

The primary objective of the grievance procedure is to ensure that concerns are promptly dealt with and resolutions reached in a fair and just manner. It is essential that each student be given an adequate opportunity to bring complaints and problems to the University administration with assurance that each will be given fair treatment.

Definition

A grievance is defined as dissatisfaction occurring when a student thinks that any condition affecting him or her is unjust, inequitable, or creates unnecessary hardship. Such grievances include, but are not limited to, the following problems: mistreatment by any USCU employee, wrongful assessment and processing of fees, records and registration errors, racial discrimination, sex discrimination, and handicapped discrimination, as they relate to nonacademic areas in the University.

One exception to this definition of grievance is that the procedures herein shall not extend to matters of grading student work where the substance of a complaint is simply the student's disagreement with the mark or grade placed on the work. Such matters shall be discussed by the student and the teacher; final authority shall remain with the teacher.

Procedure

Initiating a grievance. The initial phase of the student grievance procedure requires an oral discussion between the student and the person(s) alleged to have caused the grievance. This discussion must take place within 10 working days of the incident which constituted the grievance.

First appeal. If the student wishes to file a formal grievance, a written appeal must be prepared that includes the name, address, and phone number of the grievant; the name of the person against whom the grievance is being filed; the nature of the grievance; a description of the desired solution; a description of the actions taken by the grievant to date; and all pertinent written documentation. This file must be completed and presented to the immediate supervisor of the person alleged to have caused the grievance within five working days of the initial discussion referred to in the above paragraph.

The supervisor shall immediately acknowledge receipt of the grievance and shall begin an investigation of the incident at once. The supervisor shall respond in writing of the decision to the student (with a copy to the dean) within three working days of the conclusion of the investigation.

If the student feels the grievance has been resolved, the process is complete. If not, an appeal may be brought before the Student Affairs Committee.

Appeal to the Student Affairs Committee

If the grievance is unresolved, the student may bring the grievance before the Student Affairs Committee by presenting a written statement within five working days of the date of the supervisor's decision. This statement shall be forwarded to the dean in a sealed envelope and shall a) state the grievance, b) state why the response is unacceptable, and c) request a hearing before a grievance panel.

Any related materials (including a copy of the grievance file and the written response from the supervisor) must accompany the letter. The dean shall immediately notify the chair of the Student Affairs Committee of the appeal.

Upon receipt of the appeal, the chair shall send a copy of the appeal to the members of the committee and the major parties involved. The major parties include the person(s) against whom the grievance was initiated, the supervisor of that individual(s), and the appropriate administrator. The chair of the committee shall ask the major parties to respond in writing to the appeal within five working days.

At the end of the five working day period, the chair shall meet with the Student Affairs Committee to examine the request for an appellate hearing and the replies. A hearing shall be granted if a majority of the quorum finds that grounds for the appeal have been substantiated. A tie vote shall result in a hearing being granted. The chair shall notify all involved parties of the decision of the committee to either hear or not hear the grievance.

The hearing shall be conducted no sooner than five working days after the decision to grant the request for the hearing and no later than 15 working days after the decision to grant the request for the hearing.

A postponement may be granted by the chair upon written request of either party. The request shall state why the postponement should be granted.

Conduct of the Hearing

The chair of the Student Affairs Committee shall open the hearing by reading the request for an appeal and informing the parties involved of the jurisdiction of the committee and its procedures. The chair shall ascertain that all the parties involved are aware of their rights, answer any questions they have in regard to these matters, and conduct the meeting.

All hearings shall be closed to the public, unless all parties agree that the hearing be opened to members of the USCU community.

A tape recording shall be made of the proceedings.

All parties involved in a hearing shall maintain in the strictest confidence the identity of the individuals appearing before the committee, as well as the information presented to the committee.

Hearings shall be conducted in an informal manner. The taking of statements from the parties to the grievance (and from witnesses, if any) may be done by discussion format, though each individual appearing before the committee may be subject to cross-examination. Witnesses shall be present only during the time they are testifying. The major parties involved in the grievance shall be required to attend all hearings of the committee.

At the conclusion of the hearing, each party shall submit a proposed solution of the grievance to the committee.

After receiving the proposed solutions to the grievance, the chair shall dismiss all individuals who are not members of the Student Affairs Committee. The committee shall reach its decision based on the information presented during the hearing and according to the statement of student rights and responsibilities.

The committee shall decide by a majority vote the solution of the grievance. In the case of a tie, the chair shall vote and thus break the tie. The chair (or designee) shall forward a copy of the committee's decision to the major parties involved and to the dean within five working days of the conclusion of the hearing.

Decisions of the committee shall be final, subject to the student's right to appeal directly to the dean and to the vice provost for regional campuses.

The decision of the committee shall be kept on file in the dean's office.

The Grievance Committee

At USC Union, the Student Affairs Committee acts as the Grievance Committee and shall be composed of seven members as appointed by the faculty organization.

- a. Composition-Two students, SGA president and vice president; two administrators; three faculty members.
- b. Terms of office-
 1. All members shall serve for one calendar year.
 2. If vacancies occur, individuals appointed to fill the vacancies shall serve for the unexpired portions of the original appointees' terms.
 3. If a member of the committee is involved in the grievance, the committee will elect a replacement for that particular grievance.

4. All individuals may be appointed to additional terms. Appointments shall become effective on the first day of the fall semester.

Drug and Alcohol Awareness

This information is provided to meet federal standards set forth in The Drug Free Workplace Act of 1988 and The Drug Free Schools and Communities Act Amendments of 1989.

Health Risks

Students should be aware of health risks associated with:

- the use of cigarettes and other tobacco products,
- the use of alcohol, particularly high risk use,
- the use of illicit drugs,
- the misuse of over-the-counter and prescription medications, and
- the combination of two or more drugs.

The likelihood of negative physical and/or psychological effects is increased by:

- the type, amount, and strength of the drug or drugs used,
- interaction of two or more drugs,
- your physical and emotional state,
- physical differences in body size and condition, gender, age, and family history, and
- activities engaged in while under the influence.

Problems endangering health also occur if the use of mood altering substances is combined with activities involving coordination and judgment skills, such as driving. The use of some drugs, particularly cocaine, pose health risks if used during strenuous physical activity. The following sections more clearly define the major health risks associated with the use of the most reported drugs of choice.

Cigarettes pose the greatest threat to life, responsible for approximately 433,000 deaths per year in this country. Alcohol is responsible for approximately 115,000 deaths per year in the USA and is involved in over 50% of vehicle crashes and fatalities. A great percentage of the persons involved in these crashes are in the 16 to 24 year old age range. The following sections more clearly define the major health risks associated with the use of these “top four” drugs.

Alcohol

Alcoholic beverages, in the form of beer, wine, wine coolers, or distilled spirits, require no digestion and are absorbed directly into the blood stream from the digestive tract. Within approximately three minutes after drinking, alcohol may be found in the brain and all other tissues, organs, and body fluids. Alcohol depresses the central nervous system. At low levels, vision, judgment, and complex motor skills and behaviors are impaired, making it dangerous to drink and drive. Not only are persons under the influence of alcohol less able to perform the many complex tasks involved in safe driving, they cannot judge their own levels of impairment. Because alcohol decreases inhibitions, users may do things they normally would not do.

Long-term consumption of moderate to large quantities of alcohol can cause liver damage. Heavy drinking may cause serious nervous and mental disorders, including permanent brain damage.

Ulcers, heart disease, gastritis, pancreatitis, diabetes, malnutrition, and some cancers are also more common among chronic heavy drinkers than among the general population. Heavier users may also experience periods of amnesia called blackouts. During these periods, the person functions, but later cannot remember what he or she has done during this time. Physical addiction to alcohol can occur after many years of heavy drinking or, for some individuals, soon after the first drink. Addicted persons feel that they need alcohol for their brains to function normally, and they experience withdrawal when alcohol use stops. Moderate withdrawal symptoms include craving alcohol, anxiety, weakness, tremors, and perspiration. More severe withdrawal symptoms include nausea, vomiting, seizures, convulsions, hallucinations, and delirium tremens. Severe alcohol withdrawal can be fatal.

Other serious hazards associated with the use of alcoholic beverages are Fetal Alcohol Syndrome (FAS) and other alcohol-related birth defects. Drinking by the mother during pregnancy places the unborn child at risk, affecting the child's development. Conditions seen in FAS children include: (1) mental retardation; (2) a pattern of abnormal facial and body features; and (3) central nervous system abnormalities. Not all infants born to women who drink exhibit abnormal development. "Safe" levels of alcohol use during pregnancy have not been established, and it is currently recommended that pregnant women abstain.

Cigarettes and Tobacco Products

There are many hazards of tobacco use. The primary substances in tobacco responsible for these hazards are nicotine, tar, carbon monoxide and other gases. Nicotine is a highly addictive substance, and is rated by some experts as being as addictive as heroin. Nicotine is absorbed into the bloodstream from the lungs, and stimulates the central nervous system, causing changes including increased blood pressure and heart rate. Tar is the primary cancer-producing agent in tobacco, though there are many other cancer causing compounds. Carbon monoxide is absorbed into the bloodstream where it replaces a portion of oxygen in red blood cells, therefore reducing their ability to distribute oxygen to the body.

In South Carolina, over one quarter of all deaths can be attributed to cigarette smoking. Smokers experience twice the rate of coronary heart disease as non-smokers. They are also two to three times more likely than non-smokers to die from the consequences of heart disease. Lung cancer has long been the leading cause of cancer deaths in males, and now replaces breast cancer as the leading cause of cancer deaths in females. Cigarette smoking is associated with cancers of the mouth, throat, esophagus, and bladder.

Another health risk from smoking is the increased rate of chronic bronchitis and other respiratory infections. Passive smoking has also gained attention in recent years as a health risk. Those who are exposed to the smoke from others' cigarettes on a frequent basis experience reduced lung capacity, higher rates of lung cancer, and a reduced life expectancy, as compared to their non-smoking counterparts who are not exposed regularly to "side stream" smoke.

Chewing tobacco is another substance used by some college students. Although smokeless tobacco users do not face all the health risks that cigarette smokers do, the risk of cancer is quite high. Cancers of the lip, mouth, and throat can develop very quickly among users of smokeless tobacco, sometimes in as few as two to five years.

Marijuana

The effects of marijuana use depend upon the percentage of delta-9-tetrahydrocannabinol (THC) present, the method in which the marijuana is ingested, and the expectations of the user. Researchers now know marijuana has a strong carcinogenic effect, greater even than smoking tobacco. Users may experience a rapid heart rate and rising blood pressure. Additional undesirable effects include drowsiness, dry mouth, bloodshot eyes, and an increase in appetite. High doses can cause confusion and double vision, and some users experience rapid mood changes and panic, although the latter is rare.

Marijuana is not known to be physically addictive, but individuals report that continuous use leads to a reliance on the drug to deal with stress and discomfort. If marijuana or any other drug is used to avoid dealing with difficult situations, the problem has become severe. Research has demonstrated that more than 90% of users of heroin, cocaine, and other drugs began with the use of marijuana as their first illicit substance. This should not be interpreted to mean that marijuana directly leads individuals to those drugs. Rather, the use of one illicit substance removes barriers, which may then lead individuals to try other illicit drugs.

Heavy smokers of marijuana risk lung damage and cancer as well as damage to the breathing tubes. Lesser doses may cause irritation of the throat and lungs. The influence of marijuana, just as with any other mind altering drug, makes it doubly dangerous for those who choose to drive while "under the influence." Marijuana causes a lack of coordination and a distortion of sensory perceptions, sometimes lasting more than 24 hours. The presence of any mind-altering drug tends to impair judgment so that the individual may not notice these deficits as they occur. The most immediate response for people who stop marijuana use is a greatly improved memory within three months.

Cocaine

Cocaine occurs in several different forms. Cocaine powder is usually inhaled through the nose, while "crack," a form of freebase cocaine, is usually smoked. Effects of cocaine use on the body include dilated pupils, constricted blood vessels and increases in blood pressure, heart rate, breathing, and body temperature. When cocaine is snorted over a period of time, the constrictive effect on blood vessels in the nose can cause cells of its mucus membrane lining to die, resulting in ulceration of the tissue, breathing difficulties, and possible perforation of the septum, the wall dividing the two halves of the nose. Smoking cocaine is the more rapid, dangerous, and potentially fatal way of use. It can cause lung irritation, swollen glands, and soreness in the neck, chest, and cheeks. Smoking the drug may also produce confusion, slurred speech, anxiety, and serious psychological problems.

Cocaine use has both short term and long term effects. Use stimulates the brain's pleasure centers and the user will often prefer the drug to food, sex, family, and friends. When the drug-induced euphoria wears off, depression results, causing the user to crave more cocaine. Use can produce strong psychological and a limited degree of physiological addiction. By overstimulating the central nervous system and producing an artificial euphoria, the drug causes a broad range of psychological effects, ranging from acute anxiety to full-blown cocaine psychosis with paranoia and auditory and visual hallucinations. Chronic users can deplete the neurotransmitters in the brain

that allow a person to feel pleasure, power, and a number of other emotions. When this state of depletion occurs, the user can no longer feel these emotions.

Cocaine's physiological effects may include seizures, heart attacks, and cardiorespiratory collapse leading to sudden death, even in normal, healthy people. Chronic cocaine users may also experience severe mental disorders that can require long-term psychiatric care. Users who inject the drug run a high risk of contracting hepatitis or AIDS.

Policies

The relationship of a university to its students is one which has one of its basic purposes the creation of an environment conducive to the pursuit and dissemination of knowledge. A portion of this relationship involves the interaction between the student's personal welfare and academic achievement. Since there are numerous means by which the use and abuse of drugs may adversely affect this relationship, it is incumbent upon the University to issue to all members of its community a clear statement of its policy concerning drugs.

Alcohol Policy

USC Union has developed a policy prohibiting the consumption of alcoholic beverages, by students, at any University function on or off campus including academic field trips. This decision was made in recognition of the fact that most "traditional" USC Union students have not reached the legal age of consumption of alcoholic beverages in South Carolina. If the legal age for consumption of alcoholic beverages changes, the Student Affairs committee and the campus administration will review the current policy. Until then, no alcoholic beverages will be allowed at student functions.

Sanctions

Student organizations or individual students who violate University of South Carolina policies, and state or federal laws, are subject to civil, criminal, and University proceedings and sanctions. The University campus is not a sanctuary that relieves students of their responsibilities as citizens to abide by local, state, and federal laws, or University regulations, policies, and procedures. University penalties may include but are not limited to cancellation of the activities, forfeiture of organizational license, and University disciplinary action. Violation of state or federal law may lead to an arrest or a fine.

Tobacco Policy

The University of South Carolina is deeply committed to the well-being of our students, faculty, staff and visitors. To provide a safe, healthy environment in which our community can flourish, and in accordance with the university's commitment to public health and sustainability, the University of South Carolina Union will be a completely tobacco-free campus. This policy expands the tobacco-free policy to cover all university property. The intent of this policy is to create an environment that is conducive to quitting tobacco, promoting the prevention of tobacco

use and preventing the risks associated with exposure to secondhand smoke. This will be a cultural change within the university campus and will be supported by ongoing communications and cessation programs for those who desire to quit or abstain from tobacco. Enforcement of this policy is the responsibility of each member of the Union community. Faculty, staff, and students are expected to enforce the policy for their facilities and/or sponsored activities.

The Visitor Center and appropriate staff will assist in informing all visitors of the policy and asking that they comply while on any university property. All community members are encouraged to assist with the education of visitors and volunteers regarding our policy.

A provision will be inserted in all contracts, e.g. dining, construction and/or maintenance, to prohibit the employees of contractor/vendors from using tobacco products on USC property.

Additional Requirements

Possession, except on a physician's or dentist's prescription of stimulant, depressant, narcotic, or hallucinogenic drugs and other agents having a potential for abuse, violates University rules and is prohibited. The selling, bartering, exchanging, and giving away of such drugs to any person not intended to possess them is also prohibited.

Sanctions

The University considers any violation of the drug policy to be a serious offense. The University will respond to all reported violations of this policy in accordance with published disciplinary procedures. Sanctions imposed may be influenced, in part, by mitigating or aggravating circumstances. The sanctions imposed by the University include but are not limited to: suspension held in abeyance with conditions, summary suspension and permanent suspension from the University. USC Union Care Team

The Palmetto College Campuses are concerned about the safety, health, and well-being of all of its students, faculty, and staff, and has policies regarding the well-being for all members of the Palmetto College Campuses community. Specifically, the policies address student activities that are disruptive to the mission of the University, as well as any suicidal or self injurious threats or behaviors. As a result of growing national trends on college campuses of mental health issues and the increase in hospitalizations and deaths due to alcohol consumption, the Palmetto College Campuses created the Student Care and Outreach Team (Care Team). The Care Team has been charged with upholding these policies and maintaining a healthy environment for the entire Palmetto College Campuses community.

USC Union Care Team Members:

Dr. Emily Schafer, Assistant Professor of Psychology

Dr. Maggie Aziz, Interim Associate Dean for Academic and Student Affairs

Mr. Tony Gregory, Health/Safety and Security Officer

Ms. Lynn Edwards, Nursing Director

Mr. Brandon Simpson, Disability Services Coordinator

If necessary, members of the maintenance or security staff are happy to escort you to your vehicle (during regular business hours).

Access to police assistance is available by calling 911.

If an emergency occurs on the campus, the Campus Dean is notified and a decision is made on the action to be taken based on assessment of the situation or emergency that has occurred. To consistently assure safety measures on campus, USC Union utilizes the Carolina Alert System which can send SMS/text and voice messages to your cell phone, e-mail address and land-line phone in case of emergencies. To sign up, log onto your self-service account, click on the Personal folder, then Emergency Notifications.

The Dean's Office is responsible for enforcing the rules and regulations of the campus policies. The Campus Dean, Associate Dean, Human Resources Director, Health and Safety/Security Officer, and the Maintenance and Custodial Personnel are available for immediate emergencies.

The Health and Safety/Security Officer is in constant communication with the administration to insure immediate response to any emergency. The City of Union and other local law enforcement services could be utilized when necessary for accidents or incidents that may be criminal in nature or vehicle accidents and/or property damage. The USC System Law Enforcement Division is also utilized when necessary depending on the situation. The maintenance and custodial staff work on rotating shifts providing security for the campus from 7:00 a.m. until 8:00 p.m. Monday – Thursday, 7:00am until 5:00pm on Friday during the fall and spring terms and 7:00am – 4:30 pm during the summer and are on call and make routine checks on the weekends and other hours.

Local law enforcement officers are used during special events and for other activities on campus when necessary. After hours, Union Public Safety can be contacted using the 911 system.

The USC Union faculty, staff and students have IDs and are also required to have vehicles registered and parking decals for parking on campus. Parking lots are checked and monitored for security purposes and parking violations.

All students are informed of security procedures and practices during orientation sessions and special student meetings, which are scheduled each semester. Other programs on safety and security are frequently scheduled for students and other campus personnel.

USC Union does not authorize off-campus activities by student organizations. All campus activities are supervised and monitored by campus officials and local law enforcement is utilized for certain campus activities.

USC Union provides information and materials on the awareness of rape, acquaintance rape, and sex offenses through the use of special programs, University 101 classes, and pamphlets which are available to all students.

All sexual offenses are considered to be serious offenses. All reported violations will be handled in accordance to the disciplinary procedures as published in the Campus Bulletin.

In the event of a sexual assault on campus, contact the Dean's Office. The victim will be assisted in reporting the incident to local law enforcement officials and will also be required to preserve all evidence as proof of a criminal assault.

When notified of a sexual assault, the University will begin disciplinary procedures as outlined in the Campus Bulletin. The accuser and accused are entitled to the same opportunities for advice and supporting witnesses. Both the accuser and the accused shall be informed of the outcome of disciplinary proceedings brought forth alleging a sexual assault.

Students will be informed of their options to notify proper law enforcement authorities including assistance from campus officials.

Information regarding counseling and other services will be provided for victims of sexual assault on campus and in the community.

It is appropriate for university officials to notify students of options for, and available assistance in, changing academic situations after an alleged sexual assault incident if requested by the victim and if these changes are reasonably available. Every possible arrangement will be made to ensure the safety and functional capacity of the victim in such situations.

USC Union Title IX

Sex Discrimination prohibited by Title IX includes sexual harassment, sexual assault, sexual violence, and sexual misconduct. Title IX also prohibits retaliation against an individual who, in good faith, asserts his or her rights under Title IX or other applicable federal laws and state laws prohibiting illegal discrimination. Any student who experiences sexual harassment (including sexual misconduct, sexual assault or sexual violence) harassment or discrimination on the basis of sex is encouraged to contact Susan Jett, the USC Union Title IX Coordinator. Her office is located in the Whitener Building, room 204G and she may be contacted via telephone at 864-424-8027. Students may also contact Tony Gregory, Campus Health, Safety, and Security Director, if they would like assistance reporting the incident to local law enforcement. His office is located in the Campus Bookstore on Main Street, and he may be contacted via telephone at 864-424-8070.

Palmetto College Non-Harassment Policy

USC recognizes the human dignity of each member and has a responsibility to promote respect and dignity for others so that all faculty, staff and students are free to pursue their goals in an open environment, able to participate in the free exchange of ideas, and able to share equally in the benefits of the University's employment and education opportunities. To achieve this end, the University believes it should foster an academic, social, and living environment that is free from discrimination and harassment based on race, sex, gender, gender identity, transgender status, age, color, religion, national origin, disability, sexual orientation, genetics, protected veteran status, pregnancy, childbirth, related medical conditions or any other category protected by law.

The University is also committed to the principles of academic freedom and believes that a learning environment where the open exchange of ideas is encouraged and integral to the mission of the University. The University vigorously embraces faculty, staff, and student rights to the legitimate freedom of expression, speech, and association.

Nothing in this policy is intended to impede the exercise of those rights protected under the First Amendment of the U.S. Constitution. The University recognizes that the conduct prohibited in this policy extends to behavior and speech that is not constitutionally protected and which limits or denies the rights of faculty, staff, and students to participate in or benefit from the employment and the educational program.

Policy:

It is the policy of the University of South Carolina to ensure that all faculty, staff and students are able to work, learn and live in an educational and campus environment that is free from discrimination and harassment based on race, sex, gender, gender identity, transgender status, age, color, religion, national origin, disability, sexual orientation, genetics, protected veteran status, pregnancy, childbirth or related medical conditions or any other category protected by law, in all programs, activities, and services of the University.

This policy recognizes federally protected categories of faculty, staff and student characteristics as well as those characteristics protected as a matter of USC policy.

Scope:

This policy applies to the conduct of faculty, staff, and students in all aspects of employment, academic, residential, athletic, and social activities, operations, and programs at the University. Any faculty, staff student or student organization that violates this policy shall be subject to disciplinary action up to and including suspension and expulsion from the University. Violations of this policy are a conduct offense and will be handled under the USC or campus Student Code of Conduct, as appropriate.

Definitions of Prohibited Conduct:

Discrimination

Discrimination is the unfair or unequal treatment of an individual or a group based upon race, sex, gender, gender identity, transgender status, age, color, religion, national origin, disability, sexual orientation, genetics, protected veteran status, pregnancy, childbirth, related medical conditions or any other category protected by law, that interferes with or limits the ability of an individual or group to participate in or benefit from the services, activities, or privileges provided by the University.

Harassment

Harassment is a specific type of illegal discrimination. It includes conduct (oral, written, graphic, or physical) which is directed against any faculty, staff, student or group of students because of or based upon one or more of the characteristics articulated above, that is sufficiently severe, pervasive, or persistent to interfere with or limit the ability of an individual or group to participate in or benefit from the programs, services, and activities provided by the University. Such harmful conduct may include, but is not limited to, objectionable epithets, demeaning depictions, or treatment, and threatened or actual abuse or harm. Harassment does not include the use of materials by students or discussions involving students related to any characteristic articulated above for academic purposes appropriate to the academic context.

Sexual Harassment

Sexual harassment is also included in this policy. Sexual harassment is a specific type of discrimination, which is defined as unwelcome conduct of a sexual nature that is sufficiently severe, or pervasive that it adversely affects a faculty, staff, student or student group's ability to participate in or benefit from the programs and services provided by the University. Examples of conduct that may constitute sexual harassment in violation of this policy include, but are not limited to, the following types of unwelcome and harmful behavior:

Physical Conduct

- Unnecessary or unwanted touching, patting, massaging, etc.
- Impeding or blocking movements
- Acts of sexual violence
- Other unwanted conduct of a physical nature

Non-Verbal Conduct

- Suggestive or insulting gestures or sounds

Verbal Conduct

- Direct propositions of a sexual nature
- Sexual innuendos and other sexually suggestive or provocative behavior
- Repeated, unwanted requests for dates
- Repeated inappropriate personal comments

- Unwelcome and inappropriate letters, telephone calls, electronic mail, or other communication or gifts
- Requests for sexual favors

Sexual harassment may occur between members of the same or opposite sex. Sexual harassment directed at any student or other member of the University community, regardless of his or her sexual orientation is a violation of this policy. Sexual harassment does not refer to occasional, nonsexual compliments, nonsexual touching, or other nonsexual conduct.

Sexual Assault:

The University of South Carolina, as an institution, recognizes that sexual assault and acts of interpersonal violence (including harassment and stalking) and prevention education are serious issues to our community. The university will not tolerate acts of sexual assault and interpersonal violence. All reported instances will be investigated and appropriate disciplinary, criminal, and/or legal action will be taken. Appropriate support services will be made available to faculty, staff, and students. This policy applies to all members of the University community regardless of sexual orientation or gender identity.

As members of the University community, all individuals are expected to comply with and abide by the University policies and guidelines – and, Title IX, in addition to other federal, state, and local laws, whether off campus or on-campus. The use of alcohol and other drugs in conjunction with an incident of sexual assault and/or acts of violence does not mitigate accountability for the commission of these acts or diminish the seriousness of the offense.

Any act that constitutes a sexual assault or interpersonal violence of another person will not be tolerated and is a violation of the University policies and Code of Student Conduct and may result in sanctions up to and including expulsion from the University. Disciplinary action on the part of the university does not preclude the possibility of criminal charges against the individual.

Rationale:

Acts of sexual assault and interpersonal violence interfere with the educational mission by:

- Endangering the physical and emotional safety of community members
- Damaging trust in the community
- Offending the dignity and violating the autonomy of community members
- Disrupting the academic progress of victims or survivors during the abusive relationship and during any subsequent attempt at recovery.

The University strongly encourages all members of the campus community to provide a written or verbal report to the university police regarding any incident of sexual assault or violence. Whether legal or disciplinary action is desired, an anonymous report may be filed at any time with the following campuses. This report provides University staff with information about the crime that may be valuable in their efforts to prevent future crimes and educate others.

University Definitions:

For the purposes of this policy and related procedures, the term sexual assault is defined as one or more of the following:

Offensive Touching Sexual Assault

The touching of intimate parts (such as genitalia, groin, breast, buttocks, mouth, and/or clothing covering them); touching an unwilling person with one's own intimate parts; or forcing an unwilling person to touch another's intimate parts.

Non-consensual Sexual Assault

Unwilling or non-consensual penetration of any bodily opening with any objects or body part. This includes but is not limited to penetration of a bodily opening without consent using coercion.

Forced Sexual Assault

Unwilling or non-consensual penetration of any bodily opening with any object or body part that is committed either by force, threat, intimidation, or through exploitation of another's mental or physical condition of which the assailant was aware or should have been aware.

Consent

To permit, approve or agree to comply or act. Consent must have the following elements:

- Both individuals are physically free and capable to act.
- Someone who is incapacitated cannot consent. Incapacity can result from any situation or condition that prevents a person from having the capacity to give consent, including but not limited to the following: the use of drugs or alcohol, when a person is asleep or unconscious, or because of an intellectual or other disability.

- Both individuals are fully conscious.
- Consent can be withdrawn at anytime.
- Both are clear about their intent to engage in sexual activities and their desire to do so is willing.
- Silence or an absence of resistance does not in and of itself constitute consent; force, or threat of either cancels consent.
- Past consent of sexual activities does not imply ongoing future consent.

Consent to engage in sexual activity with one person does not give consent to engage in sexual activity with someone else.

Complaint Procedures:

The designated Palmetto College Campus Official will ensure that the complaint is fairly and expeditiously investigated and if necessary, that appropriate sanctions are assessed.

In the event of an anonymous or victimless complaint, the Palmetto College Campus Official will investigate such complaints to the greatest extent possible.

The Palmetto College Campus Official will interview any witnesses to the acts and, if alleged offenders are identified, the alleged offenders. The Palmetto College Official will then issue a report of findings to the Campus Dean and Office of the Palmetto College Chancellor.

Once a report of discrimination or harassment is received by the Palmetto College Campus Official, unless the complaint is anonymous, the Palmetto College Campus Official will contact the individual who has made the complaint (“complainant”) to discuss confidentially the specifics of the complaint and provide guidance and information regarding the resolution process. If the complainant is satisfied with the resolution, it will be and determined whether further investigation is warranted.

Complainants will be asked to provide the following information: a description of the alleged acts, the date(s) the alleged acts occurred, the names, if known, of the individual(s) or group(s) allegedly engaging in discriminatory or harassing acts, and the names of witnesses, if any. If the complainant wishes his or her name not be disclosed, the Palmetto College Campus Official will explain that such a confidentiality request may limit the ability of the University to respond but that the Palmetto College Campus Official will take all reasonable steps to investigate consistent with the complainant’s request as long as doing so does not prevent the Palmetto College Campus Official from responding effectively to the complaint or prevents the Palmetto College Campus Official from stopping potential discrimination or harassment of others. In all situations, the Palmetto College Campus Official will take every effort, to the extent allowed by law, to protect the privacy of the persons involved. The number of persons with knowledge of the complaint shall be kept to a minimum and only those persons with a need to know will be notified of the complaint. Following this initial meeting, the faculty, staff, or student may choose not to pursue the complaint in a formal resolution by the Palmetto College Campus Official or proceed with a formal complaint with the Palmetto College Campus Official.

If the Palmetto College Campus Official determines the complaint is one that can be resolved informally, the Palmetto College Campus Official will explain the informal resolution process to the complainant and if the complainant agrees, the Palmetto College Campus Official will proceed with informal resolution. Some complaints are not appropriate for informal resolution, such as sexual assault complaints or complaints that involve violence or a threat of violence. In the event a complainant withdraws their complaint before resolution is accomplished, the Palmetto College Campus Official will continue to investigate the complaint to the extent possible to determine what occurred and then recommend, if appropriate, steps to remedy the situation.

In certain circumstances, the University may impose emergency action upon a faculty, staff, student or student organization when there is reason to believe, based upon available evidence, that the faculty, staff, student or student organization poses an immediate threat to the safety, health, or welfare of persons, property, or to the orderly operation of the University. Such emergency action can include, but is not limited to, suspension, limitation of privileges, orders of no contact, or housing relocation or removal. Emergency action is interim in nature pending the outcome of conduct procedures. In cases involving potential criminal conduct, the Palmetto College Campus Official will determine whether appropriate law enforcement authorities should be notified.

Resolution Procedures

Informal Resolution

The informal resolution process is intended to be flexible to enable the Palmetto College Campus Official to address a complaint in the most effective and expeditious manner possible. Informal resolutions are accomplished with the consent of the complainant and assistance of other offices or administrators on campus in the area relevant to the complaint. The complainant, after receiving explanation of the informal resolution process, will be asked to sign a form consenting to informal resolution.

Informal resolution may be achieved by: (a) action taken by the complainant, when appropriate, to address the matter directly with the alleged offender; (b) action to negotiate a resolution undertaken by the Palmetto College Campus Official, with the consent of both parties; or (c) mediation undertaken by the Palmetto College Campus Official, with the consent of both parties. The complainant, at his or her discretion, may end the informal process and begin the formal resolution process at any time. Although the process focuses on conciliation, not sanctions, disciplinary action, including an oral or written warning may be issued if agreed upon by all parties. In all cases in which informal resolution is achieved, the Palmetto College Campus Official will make a written report of the resolution to file with the copy of the complaint. In the event an oral or written warning is issued to an alleged offender, if the alleged offender is an employee, a copy of the warning is sent to employee's supervisor. In the case of a student or student organization, a copy of the warning is sent to the Campus Dean and the Palmetto College Office of the Chancellor. If the complaint is not settled by informal resolution, the Palmetto College Campus Official will proceed to formal resolution.

Formal Resolution

In a formal resolution process, the Palmetto College Campus Official will provide a copy of the complaint to the alleged offender within five (5) business days personally, by certified mail, return receipt requested, or electronically (by a means capable of verifying delivery). The alleged offender ("respondent") will have five (5) business days in which to respond in writing to the complaint. A copy of the respondent's response will be provided to the complainant, who will have five (5) business days to respond in writing to the alleged offender's response.

Complaint Investigation

The Palmetto College Campus Official will interview the complainant, the respondent, witnesses identified by the parties, and anyone else whom the investigator believes may have knowledge of the facts regarding the complaint. The Palmetto College Campus Official may conduct independent research regarding the facts of the complaint. Investigations are normally completed within 35 working days but if warranted by circumstances, this time may be increased at the discretion of the Palmetto College Campus Official.

Complaint Findings

Based on the information obtained during the investigation, the Palmetto College Campus Official will issue a report of its findings to the complainant and respondent. There are two categories of findings: (1) no reasonable cause to believe illegal discrimination or harassment occurred, or (2) reasonable cause to believe a violation has occurred.

In the event the Palmetto College Campus Official finds there is no reasonable cause to believe that illegal discrimination or harassment occurred, the complaint will be dismissed, and the complainant will be advised that if they are dissatisfied with the decision, a complaint may be filed with the Office for Civil Rights of the United States Department of Education or the Civil Rights Division of the United States Department of Justice.

In the event the Palmetto College Campus Official finds that there is reasonable cause that a faculty, staff or student organization engaged in illegal discrimination or harassment, the Palmetto College Campus Official will issue a report of findings, along with recommendation as to appropriate sanctions. If the student is also an employee of the University, and the conduct involves the student's capacity as a University employee, the report must also be forwarded to the student respondent's immediate administrative official. The report of findings will include a statement of the complaint, a chronology of the investigation, the information discovered, witness summaries, a list of documents pertinent to the investigation, the findings of the Palmetto College Campus Official, and any recommended sanctions the Palmetto College Campus Official believes are warranted.

Student Hearing Procedures

The Palmetto College Campus Office of Student Conduct will then send written notification to the accused student or student organization representative indicating the nature of the complaint. The student or student organization representative will be given the opportunity to meet with the Palmetto College Campus Office of Student Conduct to discuss the allegations.

Failure of the student or student organization representative to meet with the Palmetto College Campus Office of Student Conduct could result in disciplinary action being imposed based on the available evidence.

If the student or student organization representative disagrees with the finding of the Palmetto College Campus Office of Student Conduct or the recommended disciplinary action, the student or student organization representative is offered several options to resolve the charges, including an informal administrative hearing, a formal administrative hearing, a University conduct

hearing or mediation. At any such hearing, the Palmetto College Campus Official investigator will present the report of findings. The procedures for these hearings are fully described in the Code of Student Conduct section of the handbook.

Decisions resulting from administrative hearings or a University conduct hearing may be appealed by a student or a student organization to the Palmetto College Campus Dean in the following limited situations: (1) there was a procedural error committed in hearing the case which significantly prejudiced the findings; or (2) new evidence, which could not have been available at the time of the hearing which is material to the outcome of the case, becomes available. The procedure for appeal is fully described in the Code of Student Conduct section of the handbook.

Student Sanctions

The Palmetto College Campus Official and the Student Discipline Committee may recommend sanctions to the appropriate hearing tribunal. Disciplinary action for student or student organization violations of this policy may include a variety of sanctions.

The severity of the sanctions is determined by several factors, including but not limited to:

- Whether there was physical harm or threat of physical harm to others
- whether there was violence or the threat of violence
- whether there was damage to University or student property
- whether the respondent had engaged in similar conduct in the past
- whether the proposed sanction will provide education and training to deter future violations
- whether the proposed sanction will make the victim whole
- whether the proposed sanction will increase the University community's awareness of student discrimination and harassment.

Sanctions for individual student violations may include the following:

- expulsion
- suspension
- conduct probation
- conditions/restrictions on University privileges
- written warning
- fines and restitution
- housing sanctions
- required attendance at educational or community service events
- any other sanctions deemed appropriate by the Palmetto College Campus Dean and Office of Student Discipline Committee.

Sanctions for student organization violations may include the following:

- permanent revocation of organizational registration
- suspension of rights and privileges for a specified period
- conduct probation, conditions/restrictions

- written warning, fines, and restitution
- required attendance at education or community service events
- any other sanction deemed appropriate by the Palmetto College Campus Dean and Office of the Student Discipline Committee.

Record Keeping

While a complaint is being investigated, all evidence regarding the complaint must be maintained in the confidential files of the Palmetto College Campus Official handling the complaint and once the complaint is resolved all records regarding the complaint will be kept in confidential files within the Palmetto College Campus Official. These records will include the complaint, recordings, interview notes, witness statements, correspondence, investigation summaries and reports, and documentation of remedial actions. Access to these records shall be on a need to know basis only. These records will be maintained for a minimum of five years.

Non-Retaliation

It is a violation of this policy for any person to retaliate, intimidate or take reprisals against a person who has filed a complaint, testified, assisted or participated in any manner in the investigation or resolution of a complaint of discrimination or harassment. Appropriate disciplinary actions shall be taken against any person who has been found to have violated this policy.

Reporting and Monitoring

The Palmetto College Campus Dean will provide an annual report to the Palmetto College Office of the Chancellor summarizing the discrimination and harassment complaints and the resolution (informal and formal) of such complaints.

Dissemination and Training

The Palmetto College Campus Official is responsible for ensuring that all faculty, staff, and students at the Palmetto College Campus are aware of their right to be free from discrimination and harassment. To achieve this goal, all new students will be informed of this policy and their rights and obligations under it during orientation.

Training will be provided to faculty, staff and students and students organizations to understand their rights and obligations under the policy, to whom to report the violations, and the procedures for investigations and hearings. Training will also be provided to faculty and staff members who interact with students in order that these individuals understand their responsibility to report any incidents of discrimination or harassment observed by them.

Grade Point Deficit (GPD) - The number of grade points a student lacks to have a 2.0 (C average)

Grade Point Average (GPA) - The average of grades a student earns at the end of a semester obtained by dividing the total number of grade points by the total number of credit hours attempted. The cumulative GPA is the average of all college work attempted.

To compute a GPA:

- 1) Add all hours attempted, not hours earned.
- 2) Determine the grade points for each course based on the following:

A = 4.0 grade points

B+ = 3.5 grade points

B = 3.0 grade points

C+ = 2.5 grade points

C = 2.0 grade points

D+ = 1.5 grade points

D = 1.0 grade points

F = 0 grade points

- 3) Multiply the semester hours attempted for each course by the grade points for each course grade.

- 4) Total the grade points.

- 5) Divide the total number of grade points by the total number of hours attempted:

$$\text{GPA} = \frac{\text{total grade points}}{\text{total hours attempted}}$$

Compute Your GPA

Example: Fall term

Course	Grade (Grade Pts)	Credit hours attempted	Credit hours earned	Total Earned Grade Points
ENGL 101	B+ (3.5)	3	3	10.5

MATH 141	A (4.0)	4	4	16.0
CHEM 101	C (2.0)	4	4	8.0
PSYC 101	G (0.0)	3	0	0.0
Total		14	11	34.5
GPA	34.5/14=2.46			

To compute a Cumulative GPA:

- 1) Total all grade points from each term
 - 2) Total all hours attempted for each term
 - 3) Divide grade points by hours attempted
- Cumulative GPA= All Grade Points/All Hours Attempted

Compute Your Cumulative GPA

Example:

	Hours Attempted	Grade Points
Spring Term	15	45.0
Fall Term	14	34.5
Totals	29	79.5
Cumulative GPA	79.7/29=2.74
